SECOND WARD COUNCILMAN
BRYAN K. TEDESCO
Candidate for Second Ward Councilman

Dear Friends of the Second Ward,

The intent of this letter is to introduce myself to those I have not had the pleasure of meeting and to discuss my plan of action for the future of the second ward, and finally, to sincerely thank my supporters for their continued support.

My name is Bryan Tedesco and I am seeking re-election to the office of second ward Councilman. I am married to the former Monica Crano. We have two sons, Brandon and Josh, and a grandson Joey. We are long time residents of Campbell, residing at 765 Whipple Avenue. This is my thirty-sixth year at Ohio Edison where I am employed, also serving as a union representative for AFL-CIO UWUA local 118.

Over the years, I served as president of Campbell Little League, coached and was vice president of Campbell Youth Soccer League. I hold membership in the Knights of Columbus, East Suburban Optimist Club, Sons of Italy, CMS Men's Club and St. Michael's Civic Club.

Numerous improvements occurred to enhance our community over the years. Great focus was placed on our major landmark, Roosevelt Park. With the help of my colleagues, a major improvement was the construction of new bathrooms at our Boys Little League Field and the Girls Softball Fields. A new gazebo was installed, which is the focal point in the park for weddings and senior citizen concerts. Together we have worked diligently to obtain grants to build a community center, purchase playground equipment, gym sets, including sets for the handicapped, paved the parking lot by the community center and girls softball field and the boys and girls concession stands. With community support, I organized the new dugouts at the pony league field, installed colonial lights throughout the park, lighting for the pavilions, bathrooms and under the grandstand, new fencing around the class B baseball field, new chairs and tables for the center, erected two new bridges, installed 32 benches, new gates at the entrances and built new bathrooms, which are handicap accessible next to the community center, thanks to the City Fest and private donations. Also the flooding problems on Struthers-Liberty, Almasy and Dumont have been corrected.

One of my goals in the future is to look into grants to assist the City with funding to possibly open an all purpose center in the City of Campbell. I would like to see this accomplished, especially for our senior citizen community, children and young adults to enjoy and benefit from.

I am for the people of the second ward. It is a pleasure working with the Mayor, my fellow Councilmen and all of you. Thank you for your continued help, support and suggestions. My strongest commitment representing you is to continue to improve our community every day. With your help Campbell will always be a great place to call home.

God Bless You,

Bryan K. Tedesco
