Dear Campbell Voters;

My name is Tony Grachanin and I am seeking your vote for the office of Council President. I was born and raised in Campbell as were my father, 4 uncles and an aunt, and today I reside in the home I was raised in. I have been married to my wife Chris for 21 years and between the two of us we have four sons Anthony Jr., Frank, Brandon and Adam Barner and their families which include 9 precious grandchildren. I retired from GM after 30 years. I fully support our Military, Police and Fire. I am a firm believer in the Patriot act and that when one of our employees is deployed, when he/she returns, their job is still here in the exact capacity it was when they were called upon, and we show gratitude and not punishment for them, unlike what has happened in previous years. I've attended almost every Campbell Red Devil football game at home and away for more than 35 years, and a member of the Campbell Gridiron.

As Council President my vision is:

Cleaning up all major streets that lead into the city, there are many eyesores that need to be addressed.

To find a way to utilize the Brownfield's that have been sitting dormant for too many years.

To contact the proper agency to have the rundown, unoccupied company homes on Robinson removed from the Historical rosters, and see that those that are beyond uninhabitable and repair get removed.

To have the park upkeep return to Campbell employees and to be maintained by seasonal employees that resides in the city and takes pride in our park. It hasn't been the same beautiful park it once was since it was subbed out.

To take care of our safety forces and maintain proper staffing, to bring back Civil Service exams, to insure there is room for advancement so that we keep our employees here so they don't have to seek job opportunities in other communities to advance.

Return to Civil Service exams, for all Departments.

I would like to see a social platform for ALL city residents to be informed on what is being proposed, how your tax dollars are being spent and how your councilperson voted, to keep you, the community informed on what is going on in your city, so that you can hold your elected Officials accountable as well as myself.

I have seen politics played in this city for far too long, as Council President I will *not* be one of the "good ole Boys", I will be your voice, for you the citizens and the employees that I seek to represent, for the betterment of our City.

If you give me the honor of representing you on Election Day, you have my word, I will do my best to bring positive light back to our City. (Once a devil always a devil)

Thank you for your consideration

Tony Grachanin
