

To My Constituents of the Second Ward:

I am the Second Ward Councilman, Steve Cappitte.

These past 2 years have been such a great experience. I feel the mayor and my fellow council members have worked very well together, accomplishing many things.

At the beginning of my term, I suggested we have a play area put near or at the community Center in Roosevelt Park, a suggestion that became a reality. On my recommendation, 5 homes have been demolished in our ward so far; additionally, Pin Oaks is scheduled to be paved this fall. I am actively pursuing placing 911 emergency phones throughout Roosevelt Park for your security.

We worked with the Land Bank to secure funds to start demolition of the company houses and there may be more funds available next year to continue. We are currently waiting for the funds to be released to start the Twelfth Street Beautification Project.

I volunteered many hours. I helped the Mayor hang Veteran banners, helped get the baseball fields in better playing condition. I, along with the Mayor, decorate for our annual Christmas in the Park and I am also on the City Fest committee.

I would like to thank everyone for their support and confidence. We will work together to keep the city moving forward.

Sincerely,

Steven Cappitte
